

Washington, D.C. 20505

13 July 1983

MEMORANDUM FOR: Secretary of State

SUBJECT: USSR Training for the Third World

I understand you were particularly interested in the [redacted] USSR training for the Third World. I draw your attention to the summary I had prepared last October on the elements of Soviet and Allied presence in the LDCs and how it has grown over the last ten years. The columns for those maps inside the foldout show how the number of students from each country has grown over the last ten years as well as official presence, military and economic technicians and military and economic aid.

  
William J. Casey
